### **Word Searches**

The word searches have Italian words that you need to find in the grid. Words can go in any direction: left to right, right to left, top to bottom, bottom to top, diagonally up or down. Each of the two word searches comes in two versions: *a* (more challenging) and *b* (less challenging).

### **Freeform Crosswords**

The freeform crosswords have the clues in Italian, but there is also a section later, on page 10, with the clues in English, in case you struggle to understand the Italian clues.

### **Word Matches**

These are about matching Italian words to English words, so it's a straightforward translation activity.

### **Word Fit Puzzles**

This is a type of puzzle where you need to place the words correctly within the grid.

### **Word Scrambles**

These are lists of words that have been scrambled, and your task is to place the letters in the correct order.

### **Cryptograms**

These are usually quotes from someone famous. Your task is to replace the numbers in the puzzle with the correct letters, and reveal the quote.

### **Solutions**

All solutions are provided at the end.

### **And finally...**

Only one word: Divertiti!
